

1000IED

HIGH POWER 8500 – 11500 MHz DROP-IN ISOLATOR

- MINI PACKAGE (0.35 X 0.475 X 0.16)
- FREQ (8500 – 11500 MHz)
- HIGH POWER HANDLING
(35 WATTS FWD / 2 WATTS REV)
- HIGH ISOLATION
- LOW SWR

Model 1000IED is a mini high frequency high power isolator designed for commercial, military, cellular and wireless applications. Our isolators are designed with high quality materials for best performance and temperature stability over operating temperature range.
