COPPER HOBLE: Technologies ( PVT) Limited

• R & D, Production, Component and Sub System manufacturing.
• Components development activities.
• Prototype and Production work on Types used in Defence and Commercial Applications.
• Hi Power Transistors and Excluders.

• Components development activities.
• Prototype and Production work on Types used in Defence and Commercial Applications.
• Hi Power Transistors and Excluders.

COOKHAM

• Attenuators.
• Miniature and Sub-Miniature
• Attenuators.
• High Quality, Microelectronics Coils.
• Broadband Conical Inductors.
• High Power Amplifiers to 40GHz.
