

COMPONENTS & MODULES

- Diodes
- Mixers
- Low Power Amplifiers
- Limiters
- Detectors

- Isolators
- Circulators
- Resistors
- Terminations
- Passive Components

- Coaxial Switches

- Millimetre wave Modules & Test Systems

- Rotary Joints
- Slip Rings
- Twist Capsules
- Waveguide Switches
- Fibre Optic Rotating Joints

- Filters
- Equalisers

- Capacitors
- Magnetics
- Electromechanical Components and Systems

- Baluns
- Bias Tees

- XO, TCXO, VCXO
- Master Oscillators
- Clocks
- Frequency Generation Systems

- MACOM acquired Wolfspeed RF Power
- LNA's
- Filters
- Attenuators
- Mixers
- Phase Shifters
- Linearizers
- RF Pallets
- GaN & GaAs Technology

- Amplifier Modules
- PIN Diode Switches
- Filters
- Combiners

- Auto Tune Filters
- Self-biased SMT Circulators & Isolators
- Non-linear Transmission Lines

- Cable
- Cable Assemblies
- Connectors
- Adapters
- Passive Components

- Filters
- MMIC limiters & Couplers

- Gain Blocks
- Diodes

- Inductors

- Connectors
- Adapters
- Cable Assemblies

- Cable Assemblies
- Semi rigid
- Copper, Aluminium & Stainless Steel
- Flexible
- Phased- matched
- Cryogenic
- Delay Lines
- Wire Harnesses

- Thermal Pads
- RF Absorber
- Heatsink
- Form in Place Gaskets
- Turnkey Thermal Solutions
- Thermal Design Support

- High Power Capability
- Quad Hybrids
- Couplers
- Combiners
- Filters
- Power Meters

TEST & MEASUREMENT

Innovative Test Solutions for the complex requirements of EMC Compliance Standards

- Amplifiers from 4kHz-50GHz, 1-50kW
- Antennas for EMC testing from 10 kHz-50GHz
- RF & EMC Test Systems/Accessories
- Field Measuring Equipment

- Automotive Electrical Disturbances
- Automotive Supply Voltage Variations
- Automotive Battery Simulators
- Electrostatic Discharge ESD
- Harmonics & Flicker
- Programmable AC/DC Power Sources
- Dips, Interrupts & Variations
- Ring Wave / Damped Oscillatory
- Transient Generators (Surge, Burst)
- Magnetic Fields
- RF Immunity Test Systems
- RF Probes & Clamps

- Amplifier - Solid State/TWT
- Automotive Electrical Disturbances
- Automotive Supply Voltage Variations
- Automotive Battery Simulators
- Electrostatic Discharge ESD
- Dips, Interrupts & Variations
- Transient Generators (Surge, Burst)
- RF Immunity Test Systems
- RF CDNs
- RF AN/ISNs
- RF Probes and Clamps
- RF System Components & Accessories
- GTEM / TEM Cells / Striplines / Reverberation Chambers
- Antennas

- Vector Network Analysers & Calibration Kits

- Scientific & Medical Amplifier Systems

- Resistors
- Terminations
- Passive Components

- Coaxial Switches

- Millimetre wave Modules & Test Systems

inTEST Thermal Solutions

- Thermal Test Systems

- Test Sockets & Fixtures
- Board to Board Connectors
- Adapters
- Turnkey & Custom Test Solutions
- Bench-top Thermal Control Systems

- (Boonton)
- Power Measurement Systems
- Signal Generators
- Volt Metres
- Modulation Analysers

- (Holzworth)
- Signal Generators
- Phase Noise Analysers

- Analog transmission
- Automotive links
- Automotive Ethernet links (T1)
- Camera systems
- dAV transmission
- Intercom
- Digital transmission
- LVDS links
- Software

- High quality Test Cables

- mmW bench-top
- Anechoic Chambers

- Connectors
- Adapters

- High Power Capability
- Quad Hybrids
- Couplers
- Combiners
- Filters
- Power Meters
